

Please join us

December 13, 2017 at the Glacier Canyon Conference Center

The Producer-Led Watershed Protection Grants Annual Workshop allows for producer-led grant recipients throughout the state to network, share success stories, and learn from each other on what works and what hasn't in their watershed projects. Experts will also discuss how producer-led groups can be most successful regarding research and monitoring, field days, and outreach efforts.

All producer-led grant recipients and their collaborators are invited to attend but at least one member from each group is required.

Wisconsin Department of Agriculture, Trade and Consumer Protection
2811 Agriculture Drive P.O. Box 8911 Madison, WI 53708-8911

Invitation to follow.
