

SITCOM's Mission: To maintain and strengthen a statewide team of well-trained conservation professionals that carry on Wisconsin's rich history of conserving soil and water resources through a coordinated and efficient partnership.

SITCOM would like to acknowledge and thank everyone who had a role in the design, development, testing, and rollout of the 2023 Professional Conservation Needs Assessment Survey.

This project would not have been possible without your help!

Survey Content Guidance, Feedback Focus Groups, and Beta Testers
