

# Zebra Mussel Forum

With new populations of zebra mussels being found in NW Wisconsin residents and decision-makers are concerned about the effects zebra mussels will have on our water resources.

The Zebra Mussel Forum will cover a range of topics and case studies including:

- zebra mussel establishment, growth, and impacts to the ecosystem
- local decontamination actions to stop the spread of zebra mussels
- zebra mussel monitoring
- zebra mussel control research
- zebra mussel management options for Wisconsin

## Forum Agenda

All times include presentation and time for questions/answers

**9:00 Introduction and Microsoft Teams Overview**

**9:05 Introduction to Zebra Mussels**

Establishment, Population Growth, and Impacts:

Maureen Kalscheur, Wisconsin Department of Natural Resources

**10:05 Zebra Mussel Impacts on Fisheries**

Greg Matzke, Wisconsin Department of Natural Resources

**10:35 Break**

**10:40 Decontamination in NW Wisconsin**

Decontamination Ordinance:

Lisa Burns, Washburn County Land & Water Conservation (10)

Lipsett Lake Pressure Washer Station:

Bob Baker, Lipsett Lake Association (20)

Bone Lake CD3 Station:

Cary Olson, Bone Lake Management District (20)

Indianhead Pro Muskie Tournament Decontamination Outreach:

Colton Sorensen, Polk County Land and Water Resources (10)
