Authenticity and accuracy of information is important, and the speaker should demonstrate familiarity with the subject matter. Feel free to contact Natural Resource professionals as they can provide knowledge on numerous topics. The internet is a rich resource, however not all internet sources are reliable. When using the internet consider your source.

All speeches should be backed up by facts. Both sides of an issue should be presented in a fair and non-accusatory manner. Using names of people or businesses for slander will not be accepted and shall result in disqualification.
