Conservation Agronomist

Clark County has an immediate opening for a full-time Conservation Agronomist to assist area landowners in designing and implementing plans to conserve natural resources. This position is responsible for providing technical assistance, at the discretion of the County Conservationist, to the residents of Clark County in regards to agronomy and its relationship to the Farmland Preservation Program, NR151 Non-Point Source Pollution Standards, Conservation Reserve Enhancement Program, Nutrient Management Planning, Wisconsin Environmental Cost-share Assistance Network and the County’s Animal Manure Management Ordinance.

**Minimum Qualifications:** Bachelor’s Degree in conservation, engineering, agriculture or related field with at least three years direct work experience is required. Candidate must also have Professional Agronomist Certification (CCA or equivalent professional certification). Knowledge of ARC GIS, Snap Plus and/or other computer applications required. Candidate must be knowledgeable of current farming practices and be able to work effectively with people representing diverse interests.

**Starting Wage:** $22.90 to $25.73 depending on qualifications. Clark County offers an excellent fringe benefits package. For more information about this position, please contact the Clark County Land Conservation Department at 715-743-5285.

Please submit a cover letter, resume and County Application no later than 4:00 pm on April 3, 2020 to the following: Janilee Zvolena, Personnel Manager, 517 Court St. Room 205, Neillsville, WI 54456 or apply online at [www.co.clark.wi.us](http://www.co.clark.wi.us).

Clark County is a CRC/EEO/ADA Employer
