

Timberland Invasives Partnership Employment Opportunity

2019 Seasonal Invasive Species Technician

Description: The Invasive Species (IS) Technician is responsible for conducting various invasive species activities, including surveying, mapping, control work, as well as occasionally assisting with education and outreach events. This casual, limited term position is for the summer of 2019. The position will be supervised by the Coordinator of the Timberland Invasives Partnership (TIP) and is funded by multiple grants administered through Lumberjack RC&D Council Inc, TIP's fiscal sponsor. IS Technicians will operate out of offices in Antigo and/or Keshena, WI, but may conduct work duties across the four-county area which makes up the TIP region. These counties include Shawano, Menominee, Langlade and Oconto.

Wage: \$12-\$14 per hour depending upon qualifications.

Training and Experience: Background in natural resources or a related field, bachelor's degree preferred. Knowledge of Wisconsin native and common invasive plant taxonomy is essential. Applicants must be able to communicate effectively, both orally and in writing with the public. Proficient in basic computer skills. A valid Wisconsin driver's license is required.

More information is available at the Menominee County Land Conservation, Forestry and Zoning Department, W3270 Courthouse Lane, Keshena, WI 54135 or by emailing Tracy Beckman @ tracybeckman.lumberjack@frontier.com

Resume will be accepted until 4:00 pm on March 1, 2019.

Lumberjack RC&D, Inc. is an Equal Opportunity Employer.

Seasonal Invasive Species Technician Posting

Posted on February 7, 2019

Position Overview

Timberland Invasives Partnership (TIP) is hiring two seasonal positions for invasive species work from approximately April through October of 2019, exact dates can be determined based on candidate availability. The positions will help the organization, at the direction of the TIP Coordinator, complete surveys, public outreach/education, and invasive species control work.

The IS Technician will:

- Work under the direction of the TIP Coordinator to identify, survey and record invasive plant species locations using a handheld GPS unit.
- Conduct manual and chemical control of invasive plants on public lands.
- Be responsible for operating and maintaining all provided equipment and materials.
- Communicate effectively with the TIP Coordinator and others as needed with regards to work activities.
- Assist as needed with volunteer workdays, trainings and other outreach events.

The period of work will run approximately from April through October. Compensation will be based on a combination of experience and qualification and will range from \$12.00 to \$14.00 per hour for approximately 600 hours.

Requirements

- Must have a valid state driver's license and good driving record
- Must be 18 years of age or older
- Associate's or bachelor's degree in natural resources or a related field preferred.
- Must be able to work in a variety of outdoor conditions
- Must be able to safely carry a three-gallon backpack sprayer for extended periods of time and lift 50 pounds
- Ability to work independently or as a team
- Ability to converse with members of the public in a friendly, positive manner
- Ability to operate mechanical equipment in a safe and responsible manner
- General knowledge of the threat posed by invasive species
- Experience with plant identification and GPS use preferred (training provided)
- Basic computer knowledge, including Microsoft Office programs (Excel, Word, PowerPoint, etc.)
- Wisconsin Pesticide Applicator Certification or ability to obtain certification soon after start date
